

## How to install and use Lakeside Book's InDesign presets

These presets permit you to export PDF files from InDesign. These presets work for InDesignCS versions 3 and greater, including Creative Cloud versions.

Installing Preset:

1. Start InDesign
2. Go to File menu and select Adobe Presets > Define
3. Click the Load button.
4. Navigate to the file named **PDFX-1a2001\_LBC.joboptions** , click on it, then click on the Open button.
5. Notice in the Adobe PDF Presets window that you now have a new preset called **PDFX-1a2001\_LBC** . Click on the Done button.

Using Preset to make PDF files

1. Open the InDesign file.
2. Go to the File menu and select Adobe PDF Presets > **PDFX-1a2001\_LBC**
3. Name the file and select the destination folder. Click on Save.
4. Click on **Export** button at next window.
5. Send resulting PDF file to Lakeside Book.
